For the Mail Order Program, we ship a boxed 24" Decorated Wreath anywhere in the continental U.S. with a personalized greeting. The wreath will be delivered within the first two weeks of December. (Additional fee charged for Alaska or Hawaii.)

We furnish each member of your group with a Participant Packet to help with their sales. Just let us know how many packets you will need so we can mail them to you.

As a group leader you are furnished with a group leader information packet which explains our program. You will also be furnished with an excel group leader spreadsheet to use to place your groups order with us. Just email us the completed excel spreadsheet along with your mail order wreath forms. Orders need to be turned in by November 9, 2017. Keeping the program simple, easy, fun and profitable is the goal.

Our Fundraiser Program is very profitable. Using our suggested selling prices, which are competitively priced, most profit margins range from 40% to 50%. Contact us for this years pricing.
